# CLASSROOM STRUCTURE AND TIME FRAME

## ROOM 112 - Industrial Fall Protection

Presenter - Don Evans, 3M

Selecting the correct equipment and anchor points are critical components of a fall protection program. This session will review the latest development in equipment.

Time: 8:15 to 9:15 and 9:30 to 10:30

## ROOM 112 - Child Internet Safety

Presenter - Penny Lundy, Kingsport Police Department

Did you know that 1 out of 4 children were sent pictures of people who were naked or having sex? That 1 out of 5 children were solicited for sex on the Internet? Learn how to protect our children from online predators.

Time: 10:45 to 11:45 and 12:45 to 1:45

## ROOM 112 and Room 214 - Is It Bird? Is It Swine? No, its H1N1

Presenter - Melissa Hamilton, Wellmont , Holston Valley Medical Center, Trauma Services

This session will review what pandemics are, past and present, and talk about H1N1 - what makes it different from the normal flu virus and what precautions decrease its threat.

Room 112 - Time: 2:00 to 3:00

Room 214 - Time: 10:45 to 11:45

## ROOM 114 - Electricity - The Silent Killer

Presenter - Bob Huddleston, Eastman Chemical Company

This presentation covers the primary hazards associated with the use of electricity, such as shock, arc flash, electrical burns, and falls. Safe work practices that promote the safe use of electricity will be covered.

Time: 8:15 to 9:15 and 9:30 to 10:30

## ROOM 114 and ROOM 219 - Virtual Fire Safety Training

Presenter - Barry Brickey, Kingsport Fire Department

Can you provide realistic training without the danger of live fire? Advances in technology create a golden opportunity for Fire Fighters and employees to gain experience without hazardous exposures.

Room 114 - Time: 10:45 to 11:45

Room 219 - Time: 2:00 to 3:00

## ROOM 114 - Climb Safely - Protect Employees and the Bottom Line

Presenter - Chris Amella, Louisville Ladder

This session will review meaningful practices to help you protect employees from ladder-related accidents and avoid costly OSHA fines.

Time: 12:45 to 1:45 and 2:00 to 3:00

## ROOM 115 - Weather Aware - How to Improve Your Chances

Presenter - Tim Troutman, National Weather Service

This workshop teaches how to improve your chances of surviving a weather-related emergency, such as tornadoes, severe thunderstorms, lightning, hail, downbursts, flooding, and winter weather.

Time: 8:15 to 9:15 and 9:30 to 10:30

## ROOM 115 - International Terrorism: Current Domestic Threats and Trends

Presenter - Richard Lambert, FBI

This presentation is designed to help recognize the presence of terrorist activity, detect the presence of terror weapons, and recognize medical signs/symptoms of exposure. This includes an overview in the historical and modern context including chemical, biological, radiological, nuclear and explosive weapons and dispersion agents.

Time: 10:45 to 11:45 and 12:45 to 1:45

## ROOM 115 and Room 213 - TOSHA Special Emphasis

Presenter - Randall Chase, TOSHA Representative

This course will review the TOSHA Special Emphasis on Working at Elevated Levels including ladders, scaffolding and powered lifts.

Room 115 - Time: 2:00 to 3:00

Room 213 - Time: 8:15 to 9:15

## ROOM 213 - Developing an Effective Table Top Exercise

Presenter - Larry Holloway, LGH Safety Services, LLC

Mr. Holloway will demonstrate how to select a design team, create and implement an exercise, and conduct effective critiques to improve emergency response.

Time: 9:30 to 10:30 and 10:45 to 11:45

## ROOM 213 - War on Drugs: Illegal and Prescription Drug Abuse and Trafficking

Presenter - Tim Horne, Kingsport Police Department

This session will cover issues regarding Meth, Cocaine, and Marijuana manufacture, use, and trafficking as well as the ongoing problem with prescription drug abuse and fraud. Have you heard of “Bonnaroo”?

Time: 12:45 to 1:45 and 2:00 to 3:00

## ROOM 214 - Common Spine Workplace Injuries: Prevention and Treatment

Presenter - Dr. Eric Parks, Watauga Orthopaedics

This course will offer an insight into the most common spinal injuries that occur in the workplace.

Time: 8:15 to 9:15 and 9:30 to 10:30

## ROOM 214 - Confined Space Emergencies - Are You Prepared?

Presenter - Sean Broyles, ResQ Tech

This class will assist companies in evaluating their preparedness for response to a confined space emergency in accordance with OSHA 1910.146.

Time: 12:45 to 1:45 and 2:00 to 3:00

## ROOM 219 - Accident Reconstruction

Presenter - Dale Farmer, Kingsport Police Department

This course will present the scientific principles utilized in reconstructing traffic crashes. Mr. Farmer will also review actual incident investigations that reinforce these principles.

Time: 8:15 to 9:15 and 9:30 to 10:30

## ROOM 219 - Violence in the Workplace

Presenter - Tom Patton, Kingsport Police Department

This presentation will equip the participant with an enhanced awareness of aggressive indicators enabling them to better predict aggression and impending violence.

Time: 10:45 to 11:45 and 12:45 to 1:45

## ROOM 221 - I Don't Like Spiders and Snakes....

Presenter - Bruce Cole, Natural Resources Manager, Holston Army Ammunition Plant

Mr. Cole will discuss how to minimize potential encounters with spiders, snakes, poison ivy and other hazards of nature, especially relative to our region.

Time: 8:15 to 9:15 and 9:30 to 10:30

## ROOM 221 - Advances in Access Control and Camera Systems

Presenters - Chris Hartley and Eric McGlothlin, Tele-Optics, Inc.

The ability to secure your home or business property is important. This course will highlight and demonstrate state-of-the-art IP-based solutions for incorporation into existing networks.

Time: 10:45 to 11:45 and 12:45 to 1:45

## ROOM 224 - Behavior-Based Safety - Back to the Basics

Presenter - Mike Ballard, Eastman Chemical Co.

This session will be beneficial to those implementing a new process or revitalizing an existing program. Mr. Ballard will review industry-proven methods for successful implementation of a BBS process.

Room 224 - Time: 12:45 to 1:45 and 2:00 to 3:00

## ROOM 223 - The Mini-LCA - an Untapped Gold Mine

Presenter - Bob Nelms, President, Failsafe Network, Inc.

A Mini-LCA is an individual introspective exercise on a small problem that presents itself to them. Done often enough, the Mini-LCA will change your life, if you are willing to see yourself as part of the problem. It is a fast, painless way to change your safety culture.

Time: 8:15 to 9:15

## ROOM 223 - The Blame Virus and It's Antidote

Presenter - Bob Nelms, President, Failsafe Network, Inc.

The human tendency to blame other people and things for the events that go wrong in their lives is near the root of everything that goes wrong. Fortunately, there is an antidote to the blame virus.

Time: 9:30 to 10:30 and 2:00 to 3:00

## ROOM 223 - You've Got to Know What You're Looking For If You Are Going to Find It

Presenter - Bob Nelms, President, Failsafe Network, Inc.

Experiencing life's problems, we all seem to come to somewhat different conclusions about why things go wrong in our lives.

Time: 10:45 to 11:45

## ROOM 223 - Are We Willing to Learn From Our Failures?

Presenter - Bob Nelms, President, Failsafe Network, Inc.

Things that go wrong have the potential of changing people, if the people involved want to change. This presentation focuses on two parts of our human nature. Warning: this presentation is designed to challenge the way you think about yourself.

Time: 12:45 to 1:45

## ROOM 224 - 4-hour CPR Course (Maximum 12 participants)

Presenter - Powell Kidd, American Red Cross

This course requires an additional \$10.00 fee for book - payable in advance or at the door, depending on availability.

Time: 8:15 to 11:45

## AUDITORIUM - STOP (Survival Tactics for Ordinary People)

Presenter - Steve Hammonds, Kingsport Brazilian Jiu-Jitsu Academy

Certain techniques and strategies used daily by on-duty police officers can easily be adopted by private citizens to help them defend and protect themselves should a confrontation occur.

Time: 8:15 to 9:15 and 9:30 to 10:30

## AUDITORIUM - Hold My Matches and Watch This

Presenter - Shane Jenkins

Mr. Jenkins will introduce several important fire safety principles and demonstrate their dynamic properties such as flash point, vapor density, specific gravity, flammable range and much more.

Time: 12:45 to 1:45 and 2:00 to 3:00

## AUDITORIUM and ROOM 221 - Identity Theft - Securing Personal Information

Presenter - Greg Collins, New Edge Networks and Earthlink

This presentation will review current trends and status of cyber thieves. Mr. Collins will provide participants with information on how to reduce your potential of becoming a victim of identity theft.

Auditorium - Time: 10:45 to 11:45  
Room 221 - Time: 2:00 to 3:00
