Jean Rhea (423) 439-8266

### FOUR CONVENIENT WAYS TO REGISTER:

**Phone:** (423) 439-8266 (local)

**Fax:** (423) 439-8267

**Mail:** Safety Seminar  
PO Box 70559  
Johnson City, TN 37614

**Online:** [www.etsuaw.etsu.edu/wconnect/ace/home.htm](http://www.etsuaw.etsu.edu/wconnect/ace/home.htm)

### ROOM 112 - Industrial Fall Protection

Presenter - Fritz Christ

Selecting the correct equipment and anchor points are critical components of a fall protection program. This session will review the latest development in equipment.

**Time:** 8:15 to 9:15 and 9:30 to 10:30

### ROOM 112 - Overview of Occupational Medicine

Presenter - Dr. Steven Castle

An overview of the specialty will be provided including best ways to utilize this specialty to reduce injuries and improve productivity. Perils and pitfalls of various topics, including drug testing and fitness for duty evaluations will be discussed as well.

**Time:** 10:45 to 11:45

### ROOM 112 - Stress in the Workplace

Presenter - LaDonna Carey

Everyone has some level of stress at work. Recognizing stress and how to deal with it will be explored in this session.

**Time:** 12:45 to 1:45 and 2:00 to 3:00

### ROOM 114 - Working Around Electricity Safely

Presenter - Bob Huddleston, Eastman Chemical Company

This presentation covers the primary hazards associated with the use of electricity, such as shock, arc flash, electrical burns, and falls. Safe work practices that promote the safe use of electricity will be covered.

**Time:** 8:15 to 9:15 and 9:30 to 10:30

### ROOM 114 and ROOM 219 - Fire Safety

Presenter - Barry Brickey, Kingsport Fire Department

Can you provide realistic training without the danger of live fire? Advances in technology create a golden opportunity for Firefighters and employees to gain experience without hazardous exposures.

**Room 114 - Time:** 10:45 to 11:45

**Room 219 - Time:** 2:00 to 3:00

### ROOM 114 and ROOM 219 - Climb Safely – Protect Employees and the Bottom Line

Presenter - Chris Amelia

This session will review meaningful practices to help you protect employees from ladder-related accidents and avoid costly OSHA fines.

**Room 114 - Time:** 12:45 to 1:45 and 2:00 to 3:00

### ROOM 115 - Accident Avoidance Workshops

Presenter - Jeffery “Homer” Stillwell

Cell phone calls, texting, adjusting the radio, popping in a CD are all things that can distract you from driving safely. This class will emphasize the need to give driving your full attention and explores what to do should you find yourself in an accident situation.

**Time:** 8:15 to 9:15 and 9:30 to 10:30

### ROOM 115 - Weather Aware - How to Improve Your Chances

Presenter - Tim Troutman, National Weather Service

This workshop teaches how to improve your chances of surviving a weather-related emergency, such as tornadoes, severe thunderstorms, lightning, hail, downbursts, flooding, and winter weather.

**Time:** 10:45 to 11:45 and 12:45 to 1:45

### ROOM 115 - Is It Bird? Is It Swine? No, its H1N1

Presenter - Melissa Hamilton, Wellmont, Holston Valley Medical Center, Trauma Services

This session will review what pandemics are, past and present, and talk about H1N1 - what makes it different from the normal flu virus and what precautions decrease its threat.

**Room 112 - Time:** 2:00 to 3:00

### ROOM 213 - Street Smart - National Crime Prevention Task Force

Presenter - Bill Cain

This seminar answers questions to help keep you safe. Things like - how can a burglar learn the pass code for your security system; what should you do if approached by someone in a parking lot; what should you do if a stranger gets in your car. This dynamic presentation will give you the tools you need to face these and other situations.

**Time:** Hourly sessions beginning at 8:15 to 11:45 and 12:45 to 3:00

### ROOM 214 - TOSHA Special Emphasis

Presenter - Randall Chase, TOSHA Representative

This course will review the TOSHA Special Emphasis on Working at Elevated Levels including ladders, scaffolding and powered lifts.

**Room 214 - Time:** 8:15 to 9:15 and 12:45 to 1:45

### ROOM 213 - Ten Years After Columbine: What We Learned, What We Did and What Do We Need to Do?

Presenter - Larry Holloway, Eastman Chemical

More than a decade has passed since Columbine. This presentation will review the lessons that states and school systems have made in developing programs and the work that still needs to be done to reduce the frequency and severity of violent incidents.

**Time:** 9:30 to 10:30 and 10:45 to 11:45

### ROOM 214 - Confined Space Emergencies - Are You Prepared?

Presenter - Sean Broyles, Tech-Res-Q

This class will assist companies in evaluating their preparedness for response to a confined space emergency in accordance with OSHA 1910.146.

**Time:** 2:00 to 3:00

### ROOM 219 - Sex, Murder and Other Crimes - Staying Safe in a Viral World

Presenter - Ellen Myatt, Ellen Myatt Consulting

The Internet can be scary. This program will look at the perils and pitfalls of social networking. The good news is some companies and police departments are using social media tools for safety purposes to combat crime.

**Time:** 8:15 to 9:15 and 10:45 to 11:45

### ROOM 219 - Crime Prevention Through Neighborhood Watch

Presenter - Tom Patton, Kingsport Police Department

Criminals can often be caught in the act and many crimes can be prevented all together, when good citizens do their part to watch out for, and report criminal and suspicious activity to law enforcement.

**Time:** 10:45 to 11:45 and 12:45 to 1:45

### ROOM 221 - I Don't Like Spiders and Snakes....

Presenter - Bruce Cole, Natural Resources Manager, Holston Army Ammunition Plant

Mr. Cole will discuss how to minimize potential encounters with spiders, snakes, poison ivy and other hazards of nature, especially relative to our region.

**Time:** 8:15 to 9:15 and 9:30 to 10:30

### ROOM 221 - Cameras and Access Control-You Get What You Pay For

Presenter - Chris Hartley and Eric McGlothlin, Tele-Optics, Inc.

These presenters will be discussing what factors are important and effective when installing security solutions.

**Time:** 10:45 to 11:45 and 12:45 to 1:45

### ROOM 221 and Auditorium - Accident Reconstruction

Presenters - Larry Williams, Johnson City Police Department

This session will address the physics of a vehicle crash and show why wearing a seatbelt makes a difference in an accident.

**Room 221 - Time:** 2:00 to 3:00  
**Auditorium - Time:** 10:45 to 11:45

### ROOM 223 - The Mini-LCA: An Untapped Gold Mine

Presenter - Bob Nelms, President, Failsafe Network, Inc.

A Mini-LCA is an individual introspective exercise on a small problem that presents itself to them. Done often enough, the Mini-LCA will change your life, if you are willing to see yourself as part of the problem. It is a fast, painless way to change your safety culture.

**Time:** 8:15 to 9:15

### ROOM 223 - The Blame Virus and Its Antidote

Presenter - Bob Nelms, President, Failsafe Network, Inc.

The human tendency to blame other people and things for the events that go wrong in their lives is near the root of everything that goes wrong. Fortunately, there is an antidote to the blame virus.

**Time:** 9:30 to 10:30 and 2:00 to 3:00

### ROOM 223 - You've Got to Know What You're Looking For If You Are Going to Find It

Presenter - Bob Nelms, President, Failsafe Network, Inc.

Experiencing life's problems, we all seem to come to somewhat different conclusions about why things go wrong in our lives.

**Time:** 10:45 to 11:45

### ROOM 223 - Are We Willing to Learn From Our Failures?

Presenter - Bob Nelms, President, Failsafe Network, Inc.

Things that go wrong have the potential of changing people, if the people involved want to change. This presentation focuses on two parts of our human nature. WARNING: this presentation is designed to challenge the way you think about yourself.

**Time:** 12:45 to 1:45

### ROOM 224 - 4-hour CPR Course (Maximum 12 participants)

Presenter - Jason Bledsoe, American Red Cross

This course requires an additional \$10.00 fee for the book - payable in advance or at the door, depending on availability.

**Time:** 8:15 to 11:45

### ROOM 224 - Human Performance - A Fresh Look at Behavior-Based Safety

Presenter - Jim Parker

The objective of Human Performance is to minimize the frequency and severity of events. This session will discuss the strategic approach to anticipate and prevent active errors at the job site and identify and eliminate hidden organizational weaknesses.

**Time:** 12:45 to 1:45 and 2:00 to 3:00

### AUDITORIUM - STOP (Survival Tactics for Ordinary People)

Presenter - Steve Hammonds, Kingsport Brazilian Jiu-Jitsu Academy

Certain techniques and strategies used daily by on-duty police officers can easily be adopted by private citizens to help them defend and protect themselves should a confrontation occur.

**Time:** 8:15 to 9:15 and 9:30 to 10:30

### AUDITORIUM - Hold My Matches and Watch This

Presenter - Shane Jenkins

This presentation is a fast-paced and dynamic look at the physical and chemical properties of flammable and combustible solids, liquids and gasses. Witness flash point, vapor density, vapor pressure, flammable range and much more!

**Time:** 12:45 to 1:45

### AUDITORIUM - Explosive Devices and Materials

Presenter - Shane Jenkins

This program will introduce you to the hazards of responding to emergencies that involve energetic materials and/or explosive devices. Display items of various energetic materials, IEDs, homemade explosives and peroxide-based explosives will be used during this training.

**Time:** 2:00 to 3:00

## AGENDA

- 6:30 a.m. Registration
