

Accident Avoidance Workshops

driver trainin' the way it ought'a be!

This is the *same program* available at:

Bristol
Motor Speedway
ATLANTA
MOTOR SPEEDWAY

"The most beneficial, student-oriented, family-relevant, vehicle-specific, driver training program available in the United States ... period."

Attend this program, and DRASTICALLY reduce the likelihood of your student being involved in a potentially fatal accident.

What are the **"Accident Avoidance Workshops"**?

This is the other half of driver training ...the more "real-world", beneficial, intense, fun program that teaches them how to handle the car and themselves when their lives depends on it. Sometimes serious but always entertaining, this 8+ hour, hands-on, one-of-a-kind, parent-participation program is done in your own car, and focuses on EMERGENCY DRIVING CONDITIONS. We show your student what kinds of emergencies can happen, ... let them experience first-hand how fast they happen, ... and train them how to react and what to do when they do happen!

As a result, when they are faced with that inevitable emergency, they have already practiced how to handle it. This National Defensive Driving Institute Level 10 ranked program helps both under-confident and over-confident drivers, ... gives students a whole new respect for driving and leaves parents much more comfortable with their student's abilities.

- ~ "Forget everything you've ever heard about driver training programs ... this one's worth 4 times what I paid." - L. Parke; Parent
- ~ "My kid got 5 years worth of driving experience in 8 hours ... best money I've ever spent." - G. Gray; Parent
- ~ "I can finally talk to my son about driving again! No more attitude!" - M. Compo; PTSA
- ~ "The same daughter who tuned me out for a week after I signed her up ... hugged me when it was over." -L. Wright; Parent
- ~ "They made my timid daughter more confident and knocked my son down a few pegs at the same time!" - D. Kliewer; Parent
- ~ "It's humbling to think about the number of lives that are probably saved and injuries avoided because of this great program." -Jerry Caldwell; Bristol Motor Speedway President
- ~ "Some families won't even drive to the next County to keep their kids safe ... we drove to Atlanta from Orlando to take this, and we'll do it again in a few years with our other daughter. Worth every penny and every mile." -R. Briggs

Who can enroll?: This training is very personal, so we typically limit space to 8 families in each driving of the 4 driving sessions. Registration is open to any permitted/licensed driver with basic vehicle control and is not restricted to the hosting school/venue, so feel free to pass this invitation around! **At least one parent is required to attend the entire program with their students.**

How long is the program?: It's an 8+ hour program delivered in 2 parts:

- 1- Choose the event you want and attend that week's classroom session from 6:24 p.m. to 9:54 p.m.
- 2- Choose any ONE of the four, 5-hour driving sessions on the following weekend: (AGAIN ... you only need ONE!)
Morning (7:45 - 12:45) OR afternoon (1:30 - 6:30) on either driving date, unless otherwise specified on the schedule.

How much does it cost?: The regular price is \$399, but with the help of the supporters listed below, the 2015 venues are all able to offer the discounted price of \$287 per parent/student team. Or, for just a additional \$40, both parents may attend with the student, in which case, all 3 would be eligible for Defensive Driving Certificates ... which can significantly reduce your insurance rates if you haven't taken a defensive driving program in the past three years.

For information, or to register, go to

www.AccidentAvoidanceWorkshops.org

Cancellations and transfers can only be accommodated up until 2 weeks prior to the classroom date.

Spring Workshops:

May parent quote of the month:

"Every parent who has lost a child would give their life-savings to get them back. Suddenly, a few hundred bucks to prevent that loss doesn't seem like too much."

"IT'S BRISTOL BABY!": The biggest event of its kind in 2015 will be this weekend!

Be part of history as we're hosting a DOUBLE "side-by-side" event this weekend!

Bristol Motor Speedway / 151 Speedway Boulevard / Bristol, TN 37620 Classroom Thursday May 14th.

Choose a driving session either morning or afternoon of Saturday May 16th, or Sunday May 17th.

Summer Workshops:

Bristol Motor Speedway / 151 Speedway Boulevard / Bristol, TN 37620 Classroom Thursday June 25th.

Choose a driving session either morning or afternoon of Saturday June 27th, or Sunday June 28th.

**Dates requested by venue but yet to confirm. Pre-registrations being taken, but no billing will occur until they confirm.*
